

# Helping Your Child Flourish **ACADEMICALLY & SPIRITUALLY** Starts With Making Them Feel **KNOWN** in Kindergarten

Kindergarten is a transformative experience, wherein young learners build a foundation for lifelong learning. During this year, they discover their unique strengths, navigate new challenges, form lasting friendships, and learn about their place in God's Story. How can parents and schools partner together to maximize this season of rapid growth?

## *Feeling Known*

### **MAKES ALL THE DIFFERENCE FOR FIVE-YEAR-OLDS.**

At Lansing Christian, we begin preparing before the first day of school to meet each child where they are and ensure they feel safe, loved, and empowered to do their best work.

#### **GETTING STARTED**

After an application and supporting documents are received a 1:1 meeting is scheduled. At this meeting, parents and educators come together to assess each child's starting point, gathering information that teachers can use to make students feel seen, understood, and celebrated daily.

- ✓ Prior classroom experiences
- ✓ Likes and dislikes
- ✓ Strengths to build upon
- ✓ Challenges to overcome

#### **INTENTIONAL TEACHERS**

We hire highly qualified teachers who not only desire to deliver a curriculum, but to demonstrate God's love to students (and their parents, too!).

- ✓ Bachelor's degree or higher
- ✓ State certification
- ✓ Commitment to professional development
- ✓ Christian values and a caring spirit
- ✓ Excellence in communication with parents
- ✓ Understanding of differentiated learning

#### **ACTIVE LEARNING**

Kindergartners learn best through hands-on activities, allowing them to get creative, collaborate with peers, and express themselves through music, movement, and art.

- ✓ Storytelling and role play
- ✓ Math manipulatives
- ✓ Science experiments
- ✓ Integrated song and dance
- ✓ Outdoor exploration

#### **FAITH FORMATION**

We bring the Bible to life by integrating stories and scripture throughout the curriculum. Kindergartners begin to see how God's Word is living and active, and discover His purpose for their lives.

- ✓ Daily prayer
- ✓ Engaging scripture memorization
- ✓ Hands-on service projects
- ✓ Christian mentoring from teachers and staff
- ✓ Weekly worship

#### **MEANINGFUL ENRICHMENT**

Your child will begin to discover their God-given talents and interests in kindergarten. Core academic subjects are complemented by a wide variety of enrichment opportunities that propel these discoveries.

- ✓ Music
- ✓ Art
- ✓ Spanish language and culture
- ✓ Coding
- ✓ Library
- ✓ Field trips to local, exciting, educational sites
- ✓ P.E. and introduction to athletics

Are you looking for a school where your kindergartner can build a strong academic foundation, develop a passion for learning, and feel God's love daily?
